

The Best Approach To Your Healthcare.

Executive Healthcare Services is dedicated to providing you with exceptional care and superior service.

Exceptional Care— We provide personalized family medical care to a limited number of busy executives and individuals (100-200 clients per physician compared to the standard 2,000-3,000). Whether you need 15 minutes or two hours, we take the time needed to find the *right plan of care for you*. More time, dedicated toward fewer patients, means exceptional care.

Superior Service- We know your time is valuable, and we've dedicated ourselves to providing medical care and services to you *based on your schedule*. It has made us the premier healthcare provider in Northern Virginia.

Kevin J. Kelleher, M.D., Karen Crouth (Medical Concierge) and

Mark E. Vasiliadis, M.D.

What Benefits Will You Receive?

As an Executive Healthcare Services client, you will enjoy many exceptional services, including:

Who Joins Our Program?

Individuals & Families- Whether you are seeking a better healthcare program for you, your spouse, or your entire family, we have a plan to accommodate your needs.

Corporate Clients- Corporate executive plans are available for companies large and small. Senior management and executives are able to find the care and service they need and deserve, including visits to their office. Each plan is customized to suit your company's specific needs.

What Are Current Clients Saying?

- "It is very reassuring to know that my family has the benefit of this standard of care with the access, convenience and quality that Executive Healthcare Services provides. I have recommended Dr. Vasiliadis and Executive Healthcare Services to my friends and colleagues..." [W. Russell Ramsey, Chairman and CEO, Capital Crossover Partners](#)
- "At times I feel that my life would have been in jeopardy had Dr. Kelleher not been readily available and thorough in his evaluations and treatment. I would highly recommend Dr. Kevin J. Kelleher and Executive Healthcare Services to anyone seeking expert medical advice and personalized care." [Robert A. Hopkins, President, K&H Enterprises, L.L.C.](#)
- "When I am seen by Dr. Vasiliadis or Dr. Kelleher, or referred by EHS, the speed and attention to detail I receive is a level I have not previously experienced. You guys make a difference!! It's not only your attention and availability, but the doctors you refer me to have just been the best." [Lawrence Bouman, former CTO for LCI International](#)

Dr. Vasiliadis is a graduate of Virginia Tech and the University of Virginia School of Medicine. He completed his Family Practice residency training at Franklin Square Hospital in Baltimore, Maryland. He is board certified in Family Practice and has been practicing adult and pediatric medicine in the Northern Virginia area since 1994. In 2003, he was honored by selection to the list of our area's "Best Doctors" by both the *Washingtonian* and *Virginia Business* magazines.

Dr. Vasiliadis tutors medical students from Georgetown University Medical School and the George Washington School of medicine, where he is an Assistant Clinical Instructor. He has served on both the Fairfax County Medical Society and the Reston Hospital Medical Care Review committees. A graduate of Langley High School, he is active in the community and enjoys his role as 'Team Physician' for multiple youth sports programs.

Dr. Kelleher, originally from Buffalo, New York, is a board certified Family Physician who has practiced in the Northern Virginia area since 1996. Dr. Kelleher received his Medical Degree from the State University of New York at Buffalo and completed his residency at Franklin Square Hospital in Baltimore where he served as Chief Resident.

Dr. Kelleher is involved in community and corporate health education through talks on health related topics. Locally, he serves on the Reston Hospital Infectious Disease committee, works with medical students as an Assistant Clinical Instructor for GWU Department of Medicine, and has served as a member of the Fairfax County School's Family Life Education Curriculum Advisory Committee. He serves as a Faculty member of Primary Care Network, an organization founded on promoting physician awareness of migraines, and he serves as a professional speaker for several pharmaceutical companies. In this capacity, he lectures nationally to other practicing physicians.
